News: 2017/2018 school year About us The Robotics Center in South Baden (Germany) is run by Department 3/Fach 3 Robotics - Fach 3 Robotik and the Department of Technical Management - Fachgemeinschaft Technische Verwaltung of the University of Applied Sciences in South Baden (Fachhochschule für angewandte Wissenschaften) - and covers the four schools of the university. The Robotics Center covers three campuses, including the Schools of Business, Engineering and Mechanical Engineering. The aims of the activities of the Robotics Center are to further develop research, teaching and curricular training in the field of Robotics, to promote the innovative development of teaching materials and methods, to work towards the further development of the robotics activities of the Department of Technical Management and, last but not least, to support the professional development of our students and of our teaching staff. Structure of the department The Department of Technical Management consists of two divisions: 1. Technical Management and 2. Graduate Studies The departments of the Technical Management are: Academy of Mechanical Engineering The German Aachen University of Applied Sciences offers degree programs in Mechanical Engineering in two locations: Baden-Wuerttemberg and Rhineland-Palatinate. The Rhineland-Palatinate Department of Technical Management is located in the city of Koblenz (German: Koblenz) at the same location as the German Aerospace Center (German: DLR). This department was founded in 1991 and offers a four-year degree program in mechanical engineering. In addition to the degree programs, the department also offers a Bachelor of Science program for students who want to combine their education with the work experience. In conjunction with the DLR, the department also offers a double degree program (Degree of Engineering in Engineering and Degree of Engineering in Technical Management) which enables students to combine their studies in Mechanical Engineering at the German Aerospace Center DLR with a masters thesis at the University of Applied Sciences Koblenz-Landau Academy of Industrial Engineering Sciences offers degree programs in Industrial Engineering in two locations: Baden 82157476af
